WE hear several complaints from householders of their water-supply having become much smaller since the Tytam flow was turned on. It sounds rather paradoxical, but we are assured that it is a fact. THE steamship Pasig, having undergone extensive alterations and repairs, will resume running as a night boat between here and Canton during the course of the present week. The Visayas, perhaps better known to Hongkong residents as the Appin of the Indo-China S. N. After that she will run on alternate nights with the Pasig.

THE RIFLE ASSOCIATION MEETING.

Saturday should have been the concluding day of the autumn meeting of the Hongkong Rifle Association, but the great increase in the number of entries, both among civilians, the police, and the Regiment, made it necessary to add another day for the finals, and Thursday has been fixed the Committee. Up to noon on Saturday the rain fell drearily, but afterwards it settled down to the dull weather of the previous day. From then until almost dusk the rattle of the rifles and 'notes of the bugles were incessant. with the results that appear below. The chief ments the 58th Regiment will leave here for event of the afternoon was the Ladies' Competition, in which twenty-three gentlemen contested on behalf of their lady nominators. It began punctually, and was watched with much interest by a circle of ladies and gentlemen, H.E. the Governor, Mrs. Cameron, and many others being among them. Lieut. Pritchard gained the trophy for Mrs. Travers, with a bull's-eye and six inners. Mr. C. Ford losing the only one point short of the highest possible, but registered. The record of the day was made by a youthful member of the Fourth Estate, whose performance was witnessed with mingled envy and admiration by a large crowd, including the Military band, which stopped playing a waltz to join the spectators. He was fi ing at the Running Man-which is a whitewashed dummy hauled across a short opening a hundred and fifty yards away. He successfully missed the entire range the first three shots, amid the hilarity of the lookers on, and then the markers stuck out their red flags. The youth with the rifle evidently thought he had shot another Chinaman, and was wondering how infancy would go down with the jury as an extenuating circumstance, when it was found that the idiots at the butts had come out to laugh derisively at him. When they retired, and began to work the dummy agair, he took steady aim and hit the ground within eight vards of it. Then he stopped -he had vindicated himself.

With respect to the arrangements for the meeting, we must give the hon, sec., Mr. Shelton Hooper, and the Committee, the praise they earned in making the arrangements. Except for the crush of entries and the consequent delay in getting a turn, nobody had a single complaint to make, and the markers and scores were universally civil and attentive.

The following were the scores officially

Hongkong, 12th November, 1888.

The China Mail list is, of course, subbish. In May, 1886, special resolutions were passed empowering the Directors to appropriate a Mr. Sassoon's gr. Squeezer, 11st. 4lb...... portion of the profits to a Fund for the equalization of dividends, and to transfer a sum of \$200,000 from the Reserve Fund to the credit of Capital Account, thus paying up the final call of \$2; per share, and making the paid-up capital of the Company \$800,000 in eight thousand shares of \$100 each, fully paid up. It was further decided to sub-divide these eight thousand shares of \$100 into forty thousand of \$20 each. The misleading quotations given in the China Mail are for old shares, that being the form in which business in this stock is carried on.-Ed., H.K. Telegraph.]

Mr. Norton adds:-"We need as an advocate with a seat in the House, one who is possessed of great intellectual ability, a great grasp of fact, with the leisure to study and the brain power to digest; an advocate with inherent sympathies for peoples. We want one who could not merely understand, but could enforce : an advocate who could secure a hearing inside Parliament and outside, and give a great impetus to the great work by arresting the attention of English voters; one who could touch their hearts. BOMBAY, Oct., 23rd. News of a daring piracy and murder perpetrated on the high seas by some Arab pirates, who, despite the vigilance of H. M.'s gunboats, seem still to exist in the Persian spot, on waters, has just reached Bombay. About twenty or twenty-five days ago two native vessels, the Gunga Persad under Nacoda Ishmael and Bugla Futty Salamut under Nacoda Joosup sailed in company from Cutch Mandvi with specie amounting in value to Rs. 4,000 for Bussora. The money belonged to a Bombay merchant, Aschunn Kenga, a Chattia, and was being sent to his agent at a Persian port for purchase of merchandise. When the vessels were sailing off Chorejingeera Headland, near Fao, an Arab craft was seen bearing down upon them under heavy press of canvas. The Indian cottias made every effort to escape, but the pirate was much too fleet for them, and after half an hour's exciting chase it, Years. overtook them. Both the Gunga and Bugla were boarded at once. The crew of the Gunga however did not give up their treasure without fight, but the Arabs were superior in numbers, and soon overpowered their opponents, three whom were killed, and the rest were wounder After securing their booty the pirates sailed the direction of Chorejingeera, while the Bug took the Gunga in tow and put into Fao. complaint was made to the British agent ther but as no steps were taken to discover as punish the murderers, the Nacoda of the Gun advised the owner in Bombay of the occurrent and he has addressed the Chief Secretary Government on the matter.

22nd October. The names of the successful competitors in the Great Examination have been announced and such are soon to be feasted. The Examiners have had several days of feasting, and are now preparing to return to Peking.

The cholera scare has passed away, though we hear reports of its prevalence in the country villages to the west and north.

Within the last few days 300 taels have been brought here to be distributed among the ments of official hies; one who would estimate destitute along the late Yellow River. One of promised to take control of the distributioncertainly not a very stupendous task.

The case of the American Mission having been again brought to the notice of the United States Minister, further pressure, we understand, was brought to bear on the Tsungli Yamen, and in response we learn that the Governor has received additional instructions to effect a settlement. We are only waiting to hear that deeds as well as words are to come to pass. The way orders have come down to the Governor from the interposition of the French, German, British, and American Legations, is a matter of surprise, The miners have refused to accept the media but greater is the surprise that in no case as yet has anything been actually accomplished. Perhaps the Governor understands the real intent of orders from the Tsungli Yamen, better

than simple-minded missionaries. Preparations are now being made for the approaching military examination. The Governor gained the commendation of all in the literary examination, and is expected to do even better in the military, as this is more properly the sphere in which he has moved, and in which he has shown some ability.—N. SANDAKAN, BRITISH NORTH BORNEO CIRCULAR,

THE opening of BRITISH NORTH BORNEO as an English Colony by the BRITISH NORTH BORNEO COMPANY dates from 1881 and recently the English Government have assumed a Protectorate over it.

Owing to the few Members of the Church of England it has, prior to this, been found impossible to collect sufficient, funds to pay a resident Chaplain.

Now, however, owing to the strenuous efforts of THE RIGHT REV. HOSE, Bishop of Singapore, Labuan, and Sarawak, the Society for the Propagation of the Gospel in Foreign parts have granted £200 a year for five years towards this object as well as Missionary Work. The Bishop has selected an experienced Chaplain, but the salary being insufficient, an extra amount has been promised locally and also funds sufficient for the building of a Parsonage. Funds are, however, earnestly required towards

the erection of a Church and School. The smallest contributions for the above will be thankfully received and acknowledged by L. B. VON DONOP. Hon, Secretary and Treasurer,

Church Clergy and School Fund; BIRLEY, DALYMPLE & Co., Agents, British North Borneo Co.

THE BORNEO Co., Ld.,

Hongkong, 23rd October, 1888. NOTICE.

Silk and Fire Crackers

THE Undersigned respectfully, inform the Foreign Merchants in Canton that for the past twenty years they have carried on business in silk piece-goods in Sai-Hing Street, Canton, under the chop signification of "TSUN SHING," and venture to believe that the superior quality of their goods have given universal satisfaction to their customers. In order to avoid possible imposition they have considered it indispensable to prefix to their designation the surname of the head of the firm, "CHAN" and henceforth the Firm's signification, in the silk branch, will be known as "CHAN TSUN SHING."

Further, in respect of the Fire Cracker branch, which hitherto has been carried on under the title of "MAEN SHING," under which we have acted as sole dealers in Canton for many years and during this period our chop, by reason of the superior quality of the ingredients we employ as well as the first class character of our manufacture, has maintained its pre-eminent position. in the markets of the United States of America but intely numerous fraudulent imitations of our goods have been attempted, which has necessitated, in the interests of the public, our establishing a new Fire Cracker brand that will hereafter be known as the "CONSTITUTION" Cracker. It will be recognised by our old established mark underneath, yir, No. I Golden Dragon chop and our new prefixed title "CHAY MAKE SHING "at the bottom of the label of our Fire Crackers.

TO-DAY. THE SHARE MARKET.

s o'clock. Banks have been done to-day at 54 per cent. premium, and at that rate there further buyers. The China and Manila Steamboat Co.'s shares have again materially advanced; business was done this morning at 150 for December and 155 for March, and there are now cash buyers at 155. This Company, judging by recent operations in the local Share Market, must have discovered a new system of coining money. Docks continue firm at 37 per cent, promium, but Steamboats are still on the downward line. The latter stock is now friendless at 215, the Pasig and Visayas opposition on the Canton river no doubt having tended to weaken the confidence alike of holders and investors. Both China Sugars and Luzons are unsteady at their respective quotations. In other stocks nothing calls for special comment.

HEAD OFFICE

· SINGAPORE. THIS COMPANY has been formed for the I purpose of supplying the want which has been felt for many years past, of a well-planned and well-fitted modern hotel of sufficient dimensions to accommodate the large and constantly growing passenger traffic through Singapore, as,

well as supply the great demand for temporary or permanent residential chambers. Singapore is the chief town of the British Crown Colony of the Straits Settlements, and is a leading place of call and coaling port on the great steam lines of communication with the Far East. It is moreover the centre of an extensive trade with India, China, the Dutch Indies, the Philippines, Siam, and other countries. The present holel accommodation in Singa-

pore is quite inadequate, and it is proposed to acquire the fine site now partly occupied by the HOTEL de L'EUROPE, and build thereon a hotel of much larger dimensions, and greatly improved construction and arrangement. Fully detailed: plans have been prepared and the engagement of a first-class Manager is already secured. Prospectus and Forms of Application may be had at any of the Agencies of the Company's Bankers, the Hongkong and Shanghai Bank-

ING CORPORATION and the CHARTERED BANK OF INDIA AUSTRALIA, AND CHINA, OF Mr. D. McCulloch. A certain number of Shares will be reserved by the Directors for Allotment to Hongkong

APPLICANTS FOR SHARES will have to pay per cent extra for the difference in Exchange between this Port and Singapore. Hongkong, 16th October, 1888. 1035
